

I think the FCC should strengthen, or at least retain, the rules which protect localism, content diversity, competition and public access to communications resources. I oppose further deregulation of the broadcast industry. I support retaining all existing media ownership rules. The airways are a public resource. They should not be used to profit a few large companies. Our democracy is at stake. We already do not have enough diversity of viewpoints and information citizens need to adequately participate in a democracy. Please do not make it much worse by weakening the media ownership rules. Please retain and strengthen the Dual Network Rule, the Television-Radio Cross-Ownership Rule, the Broadcast-Newspaper Cross Ownership Ban, the National Television Ownership Rule, the Duopoly Rule for Radio, and the Local Television Ownership Rule.
